

**2024 Junior High E-Learning Choice Board #2**

Complete one option for each of your teachers for each day of e-learning.

Math Bodach	Math Wills	Language Arts Priovolos	Language Arts Polensky	Science Taylor	Social Studies Wood
1) Work on iReady math lessons for 30 minutes.	Follow directions on google classroom.	Follow all directions on google classroom.	Follow all directions on Google classroom.	<b>All Grades:</b>  Look for directions and assignments on google classroom.	Google Classroom instructions if possible.
2) In a google doc create a study guide for adding and subtracting integers. Your study guide should include at least four examples.	iReady - Math complete teacher assigned lesson for a grade	Write an essay explaining which is better: e-learning day or a traditional snow day where school is made up at the end of the year. 6-10 sentences.  <input type="checkbox"/> State your claim <input type="checkbox"/> Give 3 reasons why <input type="checkbox"/> Explain each reason <input type="checkbox"/> Concluding sentence <input type="checkbox"/> Check grammar and spelling	Write an essay explaining which is better: e-learning day or a traditional snow day where school is made up at the end of the year. 6-10 sentences.  <input checked="" type="checkbox"/> State your claim <input checked="" type="checkbox"/> Give 3 reasons why <input checked="" type="checkbox"/> Explain each reason <input type="checkbox"/> Concluding sentence <input type="checkbox"/> Check grammar and spelling	<b>8th Grade:</b> <b>#1 Root words 85-100 (the blank form is on google classroom)</b>  <b>#2 Make a list of ten elements from the periodic table and give 5 uses for each one. Choose the elements from your study guide that was given to you in class. If you do not have the list, then google 'periodic table' and choose any elements from the table.</b>	Create a timeline: Ancient Egypt, Roman Empire

				<p><b>#3</b> Choose an article from a past or our current unit that we did not read or from our current unit, which is 'Phase Change.' Read and annotate it and complete the form. The form is posted on google classroom. Choose an article that <b>WE HAVE NOT ALREADY READ.</b></p> <p><b>Work on missing assignments.</b></p>	
<p><b>3) Complete one of these assignments based on what class you are in.</b></p> <p><b>1st, 3rd and 4th periods: IXL S7 (7th grade skill)</b></p> <p><b>5th, 6th and 7th periods: IXL: AA7 (8th grade skill)</b></p>	<p><b>Calculate the rate of snowfall and express it as a unit rate in inches per hour. Measure the depth of snow in the morning and again in the evening. *Be sure to write down the time you measured. Find the difference and divide it by the time in hours to find the constant rate of snowfall.</b></p>	<p><b>Create a test with an answer key on all parts of speech and at least 7 figurative language. Minimum 25 questions</b></p>	<p><b>Create a test with an answer key on all parts of speech and at least 7 figurative language. Minimum 25 questions</b></p>	<p><b><u>7th Grade:</u></b></p> <p><b>#1. Complete the Inventions, "Discoveries, Creations, etc. - made by African Americans assignment that is posted on google classroom.</b></p> <p><b>#2. Choose an article from amplify that is from a unit we have already</b></p>	<p><b>Timeline can also be Maya or Inca.</b></p>

completed that we did not read or choose an article from our current unit which is "Traits and Reproduction." Read and annotate the article, afterwards complete the article form that is posted on google classroom.

#3. Look around at home and choose items to build a DNA molecule. Some examples of things you can use are cotton balls, toothpicks, cereal that has at least four different colors, old jewelry, beads, old clothes (you can cut them up into pieces), candy, etc.

Work on missing assignments.

<p>4) Pick a room where you live and draw a 3D sketch of the room. Do your best to calculate the volume of the room. Measure the room or estimate its size by walking it off.</p> <p>Volume (ft<sup>3</sup>) = Length x Width x Height.</p>	<p>Create a 12 x 12 grid (either on paper or in a google sheet) and fill in all cells for a 12 x 12 multiplication chart.</p>	<p>iReady teacher assigned lessons (this is taken for a grade and only one chance!)</p>	<p>iReady teacher assigned lessons (this is taken for a grade and only one chance!)</p>	<p><b>6th Grade:</b>  #1: Complete the Inventions, "Discoveries, Creations, etc. - made by African Americans assignment that is posted on google classroom.</p> <p>#2 Choose an article from a past unit that we did not read. Read and annotate it and complete the form. The form is posted on google classroom. Choose an article that WE HAVE NOT ALREADY READ.</p> <p>#3</p>	<p>Pick a state from Southern region US</p>
<p>5) Learn something new in math. Pick and IXL skill 1, 2 or 3 grade levels above yours and try to master it. What can you do to try to</p>	<p>Work on missing assignments. If you are finished with everything, play Prodigy.</p>	<p>Freerice.com - get to 1000 grains of rice</p>	<p>Freerice.com - get to 1000 grains of rice</p>	<p>Work on missing assignments.</p>	<p>Create a fact card: Name, Capital, Population, Date</p>

<p>independently learn something new? Where can you get help? Google? Watch instructional videos on IXL? Read the explanation if you get it wrong?</p>
